

## Its Fame Will Live.

### Dr. Price's Cream Baking Powder

It received the highest award at the fair from a jury headed by the Chief Chemist of the U. S. Department of Agriculture. Dr. Price's was officially commended for highest leavening power, purity, keeping qualities and general excellence.

The World's Columbian Exposition marked the climax of human achievement. It will live in memory of the crowning glory of modern times. No other development of the closing century can compare with it in practical benefit to mankind.

Who that exhibited is not proud of it? Who that failed to exhibit does not regret the omission? The former are the people of to-day. The latter are relics of the past.

No honor so high as that embodied in an award at the fair. Competition was world-wide, the fruits of ripest experience and noblest endeavors were submitted for examination.

Honest tribunals, composed of eminent scientists, examined and passed upon the claims of exhibitors. Their judgement based on inquiry and justice, proves conclusively the value of any article they commend.

Their approval was stamped on

S. R. THURMAN of this city and Hyrum Lemmon of Payson addressed a large and appreciative audience at Goshen last evening on the principles of Democracy. Mr. Lemmon spent a half hour or more in a very logical talk on the tariff and Mr. Thurman followed in a very able general talk.

As Miss Louisa J. Brown was cosily seated by her friends last evening, a few of her most intimate friends came in quietly and greatly surprised her. It dawned upon her that the coming of these friends was in honor of her forty-third birthday which had just passed. During the evening tables were spread and loaded down with the good things of life, and all present took of them. The evening was spent in music, games, etc., and in the wee sma' hours the guests departed wishing Mrs. Brown many happy returns of the day. Those present were, Mr. and Mrs. John A. Brown, Mr. and Mrs. Wm. Strong, Mr. and Mrs. John Cummings, Mr. Thomas Fowler, Mrs. J. M. Warner, Miss and Mrs. Henry, Mrs. Jane John, Mrs. Sarah and Mary Dixon, Mrs. Lydia Young, Mr. Berry and Miss Emily Bullock.

"BILLY" PROBERT last evening accompanied Col. Gash to Lake Shore on a missionary trip to expand the principles of the gospel of Democracy. "Billy" occupied a few hours' time giving the brethren down there some inside facts on the w of question and Gash followed in a two hours' discourse on general sub jects. He tried to quit after he had spoken an hour but the incident was not to have it. "Billy" tells a good one this morning. He says that even after that three hours' discussion the people didn't have enough. They came flocking to the speaker after meeting was dismissed, and one poor republican in particular had a mighty tale of woe to unfold. He had heard and believed the story told by John C. Graham and Dan Jones of how the extrav agant (?) democratic county officers had raised salaries. Gash is loaded for just such fellows as these. In this pocket-book he carries transcripts of portions of the records. These were poured out for the benefit of this man and to say that he was surprised at the results is putting it mildly. "Billy" says that today that fellow is either a democrat or a dead man. There is no if or and about it, he is one or the other.

ROSS GRAHAM is busy these days going around about the county repeating the lesson he that democratic county officers have raised salaries.

MARRIAGE license was issued last evening to Newel A. Hill, aged 33 and Annie O. Brown, aged 24, both of Springville.

READ Irvine & Barney's new ad. to-day.

The boys of the republican drum corps give a very interesting evening. They have courtously invited the boys of the democratic drum corps to be present in full uniform and enjoy themselves in the dance free of all cost.

V. I. HALLIDAY and W. N. Dusenberry addressed a good meeting at Santaquin last evening on the principles of democracy.

JOHN A. THORNTON of Springville was picked up on Centre street at 2 o'clock on Sunday drunk by Policeman Buckler. Thornton left \$5.00 for his appearance and failed to appear.

ROBERT SKELTON today swore to a complaint charging Wm. Maud with assault. Messrs. Maud and Skelton had a little trouble in Skelton's store this morning.

Thirty Miles In the Earth.

Rev. Osmond Fisher, in a very reliable work entitled "Physics of the Earth's Crust," says that "the rate of increase in temperature as the distance beneath the surface is augmented is, on the whole, an equable one and may be taken to average about a degree for each 51 feet." Figuring on this statement as the most reliable, we find that at a depth of 30 miles below the surface all known metals and rocks are in a state of white-hot fusion.

Palpitation of the Heart and A General Break Down

The Good Effect of Hood's was Marked and Permanent.

"O. I. Hood & Co., Lowell, Mass.:

"Gentlemen:—I was taken down sick last

December, and became very weak with nervous

trouble, palpitation of the heart, and a general

break down. I had a good physician, but he

gave me nothing that helped me. I could sit up

only about half a day, until the 15th of March,

when I concluded I would give Hood's Sarsapa-

rilla a trial. When I had used it a short time, I

could get up and go all about the house all day.

I have never enjoyed perfect health, but am

now taking my fifth bottle of Hood's Sarsapa-

rilla, and know it has helped me wonderfully.

I have used Hood's Pills, and think them ex-

cellent." Mrs. A. E. LANIER, Bush's Mills, Ohio
